Background	3SC brings together VCS organisations to deliver public services in the fields of welfare to work, education and training, criminal justice, youth, and disability. Since 2009, 3SC has delivered or secured over £60m of contracts for the VCS. The National Consortium of Social Enterprises (NCSE) is a NOMS-funded partnership focussed on increasing the representation of social enterprises in criminal justice sector services. The NCSE is governed by 3SC, Social Enterprise UK and Social Firms UK.
Objective	3SC aims to be a prime contractor, and will bring together VCS partnerships to deliver NOMS Round 3 services. The NCSE aims to maximise the role of social enterprises in the delivery of NOMS Round 3 services.
Interests	3SC is interested in VCS organisations looking to be involved in NOMS Round 3. The NCSE wants to hear from all NOMS 3 bidders who want to have social enterprise representation in their supply chains, and from all social enterprises interested in delivering criminal justice or other public services.
Area of Delivery	3SC and the NCSE are both interested in all NOMS Round 3 areas.
