Background	Inspire2Enterprise is a national support service for social entrepreneurs, run by Exemplas Limited, the UK's leading provider of support for SMEs, in partnership with the University of Northampton, the leading HEI for the third sector. This is part of a wider offer helping people starting up in business, particularly those from disadvantaged and hard-to-reach groups, including the unemployed and offenders. The Inspire2Enterprise service is delivered by qualified advisers and specialists, by phone, email or online via webcam, enabling immediate access to the support they need, and where necessary followed up face-to-face. In addition, it provides resource support by way of graduate placements, and subsidised specialist, qualified support including: legal, financial, investment readiness and procurement, training workshops and research.
Objective	A potential sub provider, looking to provide a single or a range of services as part of the supply chain form (Tier 2)
